

P.I.V. Chain for P.I.V. Infinitely Variable Speed Gear

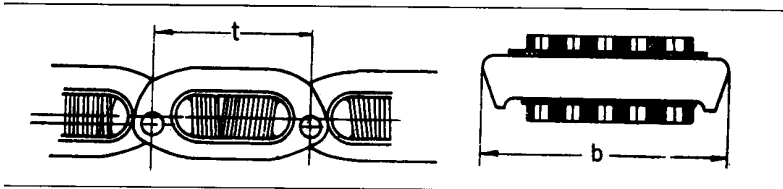

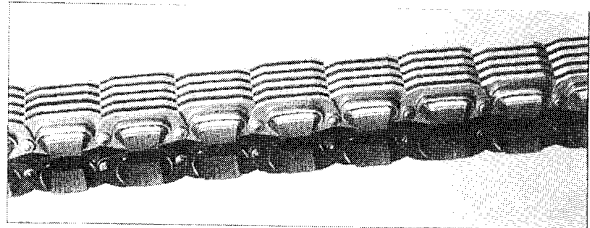

P.I.V. Chain manufactured by special design for P.I.V. Infinitely Variable Speed Gear only, this is the most important parts for the Gear. Its illustration shown as follows:

1) P.I.V. Chain No. A v:

It is for P.I.V. Gear System A & AS.
The last two digits indicate the total number of the links.
The first digit indicates the chain size for each link.

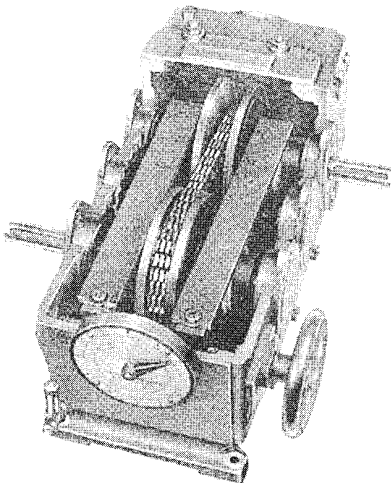

For example; P.I.V. Chain No. A2 29v which stands for chain size A2 composed of 29 links.
If add suffix Q, it means pre-traction.

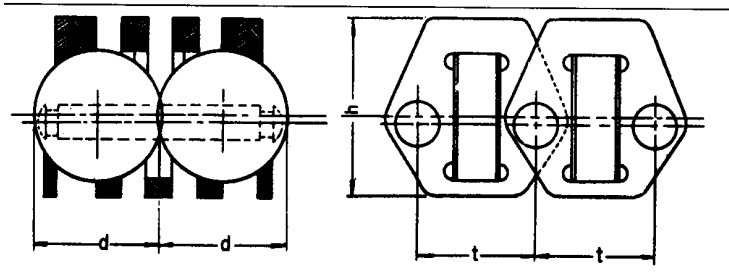

size m/m	A1	A2	A3	A4	A5	A6
b	30.77	37.80	44.40	58.40	70.00	77.20
t	19.90	24.90	28.60	35.80	35.80	44.40

2) P.I.V. Chain No. R

It is for P.I.V. Gear System R & RS.
The last two digits indicate the total number of the links.
The second small letter with the first digit indicate the chain size for each link.

For example; P.I.V. Chain No. Rb4 82 which stands for chain size Rb4 composed of 82 links.

size m/m	Rb0	Rb1	Rb2	Rb3	Rb4	Rc3	Rc4
d	6	8	10	12.3	15.5	12.3	15.5
h	9	12	15	16.8	20.8	18	22
t	10	12	14	12.3	14	13.3	16.4
